

DANIELS ISSUES
SWEEPING ORDERForbids Use of Alcoholic Liquor
in American Navy.

TAKES EFFECT ON JULY 1

Use or introduction of any intoxicants upon any naval vessel or within the confines of any navy yard or shore station is absolutely prohibited—Also Bars Punctures at Social Functions.

Washington, April 6.—Absolute prohibition will prevail in the United States navy after July 1.

Secretary of the Navy Daniels has signed an order which absolutely prohibits the use or introduction of alcoholic liquors upon any vessel of the navy, or within the confines of any navy yard or shore station. This order, which will become effective July 1, was issued on recommendation of Surgeon General Braisted.

Besides abolishing what is known as the officers' wine mess on board ship and sale of liquor at the numerous officers' clubs on shore Mr. Daniels' order is so sweeping as practically to enforce total abstinence upon naval officers for extended periods. Henceforth it will be a violation of this order for any officer or guest upon any naval vessel to have in his possession any alcoholic liquors.

Officers living on shore will be prohibited from having any liquor in their private homes, if their duties require their residence on naval reservations. Wives of officers so situated will be prohibited from serving punches or any other form of liquor at their social functions.

Commanding officers are by the terms of the order made personally responsible for its enforcement and it is Secretary Daniels' determination that it shall be rigidly observed.

Mr. Daniels' order is:

Exact Wording of Order.

"The use or introduction for drinking purposes of alcoholic liquors on board any naval vessel, or within any yard or station, is strictly prohibited, and commanding officers will be held directly responsible for the enforcement of this order."

Mr. Daniels, it is known, has had this order under favorable consideration for a long time, ever since, in fact, he first discovered that officers on board ship conducted what is known as a wine mess, from which they were permitted to purchase light wines and beers whenever they desired.

Like Secretary of State Bryan, of whom he is perhaps the greatest disciple in the cabinet, Mr. Daniels has been found to have most positive views on the subject and officers aware of his inclinations have been fearful lest such an order be issued. It was never dreamed, however, that he would make the prohibition order so sweeping and so drastic. General opinion ascribes to Mr. Bryan's influence some of the responsibility.

A sensation was created in Washington when the signing of the order became known. It was predicted that a tremendous agitation will result, which will not be without its political consequences.

One immediate effect that is anticipated is that pressure will be brought to bear upon the war department to issue a similar order, just as drastic and sweeping. The temperance and prohibition forces in the country will take courage at the action of the secretary and bring siege against the military service, in favor of enforced total abstinence.

Naval officers who were aware of the proceeding and of the imminence of the order attempted to dissuade the secretary, but without avail. Leaders in the Democratic party also were alarmed over it and there is reason to believe that an appeal was made by them for him not to sign the order.

TRACTION SUIT IS SETTLED

Widow of C. T. Yerkes Compromises Claim.

Chicago, April 6.—The suits brought by the estate of Mrs. Mary Adelaide Yerkes, a traction magnate, against the Chicago Railways company, have been compromised on a basis said to have been 30 cents on the dollar, according to word received from New York.

The suits, involving more than \$4,000,000, grew out of the reorganization of the Chicago Railways company and involved bonds of the Consolidated Traction company guaranteed by the Union Traction company, which latter company was absorbed by the Chicago Railways company.

It is estimated here that the claimants will receive in the neighborhood of \$1,000,000.

DYNAMITE EXPLODED
IN LONDON CHURCH.

London, April 6.—An explosion in St. Martin's church, Trafalgar square, damaged the pews and stained window. The outrage is attributed to militant suffragettes.

"HOKE SMITH.

Georgia Senator Will
Campaign for Re-Election.

BY DIRECT VOTE OF PEOPLE

Thirty-three Senators Will Be Elected in 1914.

Washington, April 6.—Thirty-three United States senators will be elected this year by direct vote in the first general test of the seventeenth amendment to the Constitution.

Primary elections and conventions for the nomination of various candidates have been held in some states and will continue throughout the country for several months preliminary to the general elections next fall.

Terms of thirty-one present members of the senate expire March 3 next, and in addition to those successors must be chosen to the late Senator Johnston of Alabama and the late Senator Bacon of Georgia. In each state two senators will be elected. In Georgia, besides a successor to Senator Bacon, there will be a contest over the seat of Senator Hoke Smith, who is a candidate to retain his seat.

SAYS UNITED STATES
IS EXTRAVAGANTSenator Clapp Fears People
Will Some Day Revolt.

Washington, April 6.—Senator Clapp of Minnesota came out in a severe indictment of national extravagance and intimated that there is danger of a "general revolt among the people against the huge expenditures of government money."

Outlining his views in a letter to Simon W. Straus of Chicago, president of the American Society for Thrift, Senator Clapp said:

"I do not know how we are going to meet the demand for appropriations. Everybody in this country, individually, is in favor of lessening appropriations and yet about everybody is interested in some especially meritorious call for an appropriation. Of course there are meritorious demands, but when nearly every citizen of the United States is back of some plan which, to his mind, is the one meritorious plan, it makes it almost impossible for congress to resist the pressure."

"I have sometimes felt that this thing will continue until, between the burdens of taxation and the depreciation of bonds, we should find a general revolt among the people."

JAP SERVANT KILLS WOMAN

Slayer Afterward Takes His Own Life at Stockton, Cal.

Stockton, Cal., April 6.—Mrs. Ellis R. Harbert, wife of a prominent physician of this city, was shot and instantly killed by a Japanese servant while she was in one of the upper bedrooms of her home in the suburbs. After killing Mrs. Harbert the slayer locked the door to the room and busied himself gathering up silverware and other valuables. The crime was not discovered till Dr. Harbert returned home.

The servant later took refuge in the basement of the home, where he killed himself as he was about to be arrested.

The murderer was identified by the police as Iratara Katsura, a paroled convict from Folsom.

\$50,000 FOR LOSS OF EYES

Blind Man Gets Big Verdict Against Lackawanna Railroad.

New York, April 6.—A verdict awarding \$50,000 to Matt Yurkonis for the loss of both his eyes was returned in the United States district court in Brooklyn against the Delaware, Lackawanna and Western railroad. This is said to be the largest verdict ever ordered in this state for an injured workman.

Yurkonis was injured by the explosion of a squib of fuse in a powder hole.

TIME WASTED IN
SENATE DEBATESImportant Measures Waiting to
Be Rushed at Last Minute.

OBJECT OF DELAY UNKNOWN

Western Senators Scrap For Immediate Consideration of Favorite Bills. Mrs. Clark Interested in Husband's Fight Against Repeal of Tolls Bill. Daniels' Clipping Bureau.

By ARTHUR W. DUNN.
Washington, April 6.—[Special.]—What is the senate's game? This question arises over the method the senate has adopted during the past two or three weeks.

A great deal of time was spent in discussing the woman suffrage resolution, although it was known that a two-thirds majority could not be obtained to pass it. Much time has been spent over the proposition for grain grading, several days of which were devoted to whether the bill was properly before the senate or not. Then there were long and dreary speeches on the cotton futures bill, mostly to empty seats.

All this time the calendar of the senate contained page after page of bills which had been reported but which did not receive consideration. First one bill and then another became the unfinished business, and then was set aside while different senators jostled and pushed and clamored for consideration of measures in which they were interested, and all this time we heard talk about having an early adjournment.

Just what the game of the senators is nobody can tell. When legislation becomes more imperative they will probably hold early morning and late night sessions in order to make up for the time they are now losing.

Western Scrappers.

It would scarcely comport with senatorial dignity to refer to members of that body as "scrappers." And yet that word occurs to those of us who have observed a number of men trying to get their legislation considered. Prominent among those I might mention are Shafer of Colorado and Myers of Montana, who have given the senate to understand that unless they can get their bills considered there will be trouble in future legislation.

An Interested Spectator.

Probably none of the two or three thousand that filled the galleries on the day the administration won its first vote on the Panama canal tolls was more interested in the proceedings than Mrs. Champ Clark. It is well known that she has never been reconciled to the result at Baltimore, and those who saw her in the gallery the day the fight occurred on Wilson's canal proposition were interested in seeing her applaud those who were supporting the position which her distinguished husband, the speaker of the house, took on that important question.

They Talk About Ollie.

Members of the press gallery looked down on the house when it was seething with excitement over the Panama canal tolls and observed Ollie James sitting in a member's chair twitching nervously and anxiously watching the proceedings. "Ollie would give \$100 to get into this scrap," was the comment of a man who knew him. "It is really too bad that Ollie is not allowed to take part in debates at both ends of the capitol, for he has voice enough to use both in the senate and house."

Prospective Mexican Internes.

"Internes" in the language of diplomacy in war means those from a country where war is in progress who have landed on the soil of another country. It becomes the duty of the country where the foreigners land to "intern" them, which means disarming them and taking care of them until peace has been restored. We have got a lot of Mexican "internes" on our hands that are costing at the rate of \$2,000,000 a year. When the first appropriation was made for taking care of these people there were a number of curious men in both houses of congress who asked how long it was to continue and how many Mexicans we would likely have on our hands. Possibly when these Mexicans find out what a good thing this government is we will find that they will be "coming our way."

Daniels' Clipping Bureau.

Secretary Daniels of the navy department runs a little clipping bureau of his own. No matter where he happens to be, if he sees something in a paper containing a good religious thought he cuts out the piece and puts it in his pocket. It afterward becomes a part of his scrap book for future reference.

Franking Privilege Agreed.

Disagreement between Congressman Kindel, a Democrat from Colorado, and the postoffice department has finally resulted in the congressman having his franked mail censored or regulated. Kindel does not take kindly to this sort of thing and has made it a question of privilege in the house. Kindel says that all his troubles are due to the fact that he has been trying to teach the postoffice department how to run a proper parcel post system.

Uniform Not to Blame.

"Is he a member of your local cavalry troop?" "Oh, no! He's just naturally conceited."—Buffalo Express.

MRS. L. M. N. STEVENS.

W. C. T. U. Leader
Is Critically Ill.

MRS. STEVENS IS WORSE

Condition of W. C. T. U. Leader Is Critical.

Portland, Me., April 6.—Mrs. L. M. N. Stevens, national president of the Women's Christian Temperance union, who is ill at her home here, was reported worse. Her condition is critical. Mrs. Stevens is the successor of Frances E. Willard.

VILLA DECIDES TO
DEPORT SPANIARDSRebel General Orders Them to
Leave Torreon.

Torreon, Mex., April 6.—General Francisco Villa ordered that the 600 Spaniards of this city be deported. He issued instructions that trains be provided at once and that the exodus to El Paso, Tex., should begin. Their property will be confiscated, temporarily, at least.

It is the tragedy of Chihuahua over again and is said to express the deep rooted suspicion and even hatred with which the native Mexicans, and particularly the peon, looks upon the Spaniard.

Villa expelled the Dons from Chihuahua four months ago and since then has repeatedly stated that other Spaniards would better get out of Mexico before he caught them. His abiding conviction that they were working as one man against the revolution found frequent expression while he was in Juarez, at which time he asserted he would execute every one that he found in Torreon.

The Spanish government was aroused and Washington descended on the Constitutionalist chiefs with words of warning and admonition.

Only Spaniards are affected by the order. All other foreigners are now free to go and come as they please and General Villa is anxious that they shall resume their wonted occupations.

IS GIVEN UP FOR LOST

Sealing Steamer Southern Cross and
Crew of 173 Men.

St. Johns, N. F., April 6.—At sunset the sealing steamer Southern Cross, missing since Tuesday's blizzard, will be officially posted as lost with all of her 173 men.

Hope for the safety of the steamer and her crew was almost abandoned when the stricken survivors of the sealer Newfoundland told their stories of the disaster that cost the lives of seventy-seven of their comrades.

The colony, plunged into mourning by the greatest tragedy in its history, has waited in vain, hoping against hope that the wireless search of the sea might bring some word from the missing vessel whose loss would deprive whole settlements of their bread winners and render more than 1,000 women and children dependent upon charity.

FIXES PENALTY AT HANGING

Jury Finds Kansas City Man Guilty of
Criminal Assault.

Kansas City, April 6.—Vic Guerlinger, pool hall proprietor, must hang for the part he played in the attack of six men upon Mrs. Gertrude Shidler, March 9. A jury in the criminal court found him guilty of assaulting Mrs. Shidler and affixed capital punishment for the crime.

As the word "guilty" fell from the lips of the foreman of the jury Mrs. Guerlinger, wife of the defendant, screamed and fainted. She was carried from the courtroom.

Guerlinger's face, as he sat by the counsel table, blanched as two deputy marshals led him from the room.

South Dakota Fire Fighter Dead.

Pierre, S. D., April 6.—John Latta, president of the board of control of the State Firemen's association, died in Omaha, where he had gone for medical treatment.

Get Busy.

If you are going to save up for a rainy day don't wait until the clouds begin to gather.—Detroit Journal.

WOMEN SEEKING
PUBLIC OFFICE

HARBOR ON PACIFIC COAST

Hill Interests Intend Spending Millions of Dollars.

St. Paul, April 6.—The Hill interests will build a harbor on the Pacific coast at Tillamook, Ore., that will rival San Francisco. The plans have been made by John F. Stevens, a former president of the Great Northern, and the original Panama canal chief engineer. They call for the expenditure of millions of dollars.

Tillamook is on Tillamook bay and is forty miles due west of Portland, Ore. The purpose of the new harbor is to outdo by sea and rail the fastest time of present freight and passenger service along the coast and between the coast and the interior.

The entire transportation on the Pacific coast will be revolutionized. The Hill interests easily will beat the fastest trains from San Francisco to Portland, Spokane, Tacoma, Seattle and other North Pacific coast cities.

James J. Hill, father of the plan, has been working on the idea for twenty-five years. Mr. Stevens, under his direction, arranged the details.

G. A. R. IS 48 YEARS OLD

Average Age of Members Now Is Sixty-Nine Years.

Decatur, Ill., April 6.—Forty-eight years ago today the first G. A. R. post was established in Decatur, Ill. Major Benjamin F. Stephenson, surgeon of the Fourteenth Illinois regiment, and three army friends had drawn up the constitution two months before. The secret ritual was printed by veterans in the office of the Decatur Tribune. All the veterans were members of the order.

Its purpose was the "establishment and defense of the late soldiery of the United States, morally, socially and politically, with a view to inculcate a proper appreciation of their services and claims by the American people."

Today there are more than 5,000 G. A. R. posts. The order reached a membership of 400,489 in 1890. Today it has been reduced by death to less than 170,000. The death rate is becoming higher each year, for the veterans of the Civil war now have an average age of sixty-nine years.

KANSAS DIPLOMAT IS DEAD

Thomas Ryan, Former Ambassador to
Mexico, Succumbs.

Topeka, Kan., April 6.—Thomas Ryan, United States ambassador to Mexico from 1889 to 1893 and appointed assistant secretary of the interior by President McKinley, died at Muskogee, Okla., according to a telegram received at his home here.

Mr. Ryan was elected to congress from Kansas when part of the present state of Colorado was included in his congressional district. He served seven terms in the national house of representatives. He was born in 1837.

Hungarian Leader Here.

New York, April 6.—Count Michael Károlyi, leader of the Independent party in the Hungarian parliament, one of the wealthiest men in Hungary, has arrived here. He will spend nearly two weeks touring the Eastern part of the United States.

Chicago Has Eight Feminine As-
pirants for Council.

WARM POLITICAL CAMPAIGN

Right of Franchise Will Be Exercised by Illinois Women Tuesday for the First Time and the Result Is Being Watched With Keen Interest—Hill Fight Being Made on "Bath House" John Coughlin.

Chicago, April 6.—A political campaign in which churches and public halls have to a large extent supplanted saloons and sidewalks as meeting places will draw to a close tonight and Chicago women are prepared, for the first time, to exercise their right of franchise at the election here Tuesday.

There are 217,615 women eligible to cast their votes and election authorities expect that at least 175,000 of these will go to the polls and aid in the selection of thirty-six aldermen and express themselves on the twelve questions of municipal policy submitted.

The entrance of the women is expected to result in the largest vote ever cast in a municipal election here. There are 455,283 men on the registration lists and a total of more than 475,000 votes is expected.

Although there are eight women candidates among the 154 seeking places in the city council most of the women's clubs and civic organizations have centered their campaign efforts in the First ward, where Miss Marion Drake, a law stenographer, has set out to displace "Bath House" John Coughlin, who, with Michael Kenna, has represented the ward for twenty years.

The ward contains the downtown business district, a mile or more of fashionable residences along the lake shore, several miles of densely populated lodging houses and what a year ago was known as the segregated district. A thousand or more names were stricken from the ward's lodging house registration list at the instance of Miss Drake's supporters.

Coughlin's Friends Confident.

Drake workers have announced they expect her victory by several thousand votes. Supporters of Coughlin, offered to make bets she would not receive a thousand votes. Daily meetings have been held in downtown halls in favor of Miss Drake.

Miss Harriet E. Vittum, head resident of Northwestern university settlement and president of the women's city club, has made a strong fight in the Seventeenth ward, where she has received the aid of women's civic organizations. She is running as an independent.

Miss Drake is a Progressive, as are Mrs. William Gagerling, Mrs. Bernice Napieralski and Miss Julia Aasen, candidates in the Fourth, Twelfth and Thirtieth wards respectively. Mrs. Josephine Kaneko, Miss Lida E. McDermut, Miss Gertrude R. Dubin and Mrs. Maud J. Ball are Socialist candidates in the Sixth, Seventh and Twentieth and Thirtieth wards.

Bond issues to the amount of nearly \$9,000,000 are involved in the questions of policy to be solved.

The questions also include the settlement of a subway transportation system, an important amendment of the municipal court act, the annexation of the two towns of Morgan Park and Cicero and home rule amendment of the public utilities act.

Three thousand saloons in Illinois will survive or perish Tuesday by the votes of 50,000 newly enfranchised voters in 300 townships where wet and dry elections are to be had.

The women voters hold the balance of power and their vote is an unknown entity. As a result of the lack of ability to forecast the woman vote the campaign in these townships has been the most bitter in the saloon history of the state.

THREE CONVICTS KILLED

Two Others Are Probably Mortally Wounded.

Sacramento, April 6.—Three convicts were shot and instantly killed and two others wounded, probably mortally, in an attempted break from the incommunicable ward of Folsom prison.

The dead: Jose Lucercia, serving two years for grand larceny; Earl W. Siprell, serving two years for robbery; Raymond Blade, serving two years for burglary.

Mortally wounded: Norman C. Hara, serving two years for assault, shot through body; Percy Barnes, serving two years for grand larceny, shot through body.

On Tuesday afternoon and evening, April 7, the Upper Mississippi Medical society will hold a regular meeting. Dr. L. M. Roberts, of Little Falls, will read a paper on "Gun Shot Wounds." There will be a banquet in the evening at the Spaulding hotel.

Among the Brainerd teachers spending their Easter vacations out of town are Miss Josephine Nichols, who has gone to Minneapolis; Miss Grace Moreland to White Bear; Miss Randall to Breckenridge; Mr. Sherwood to Wilmar; Miss Katherine Howland to Fargo.

The thirty-second annual ball of Hose Company No. 2, will be given at the Gardner auditorium on Monday evening, April 13. Music will be furnished by Jensen's orchestra. These dances of the firemen are always well attended and are most enjoyable events and deserving of the patronage of all Brainerd and vicinity.

The four months old child of Mr.

Now Ready==Spring Styles

The big feature of our opening display of spring and summer dress goods which is going to impress you most is its remarkable completeness.

To design, reproduce and then distribute the thousands upon thousands of yards of dress and wash goods required by the dress loving women of America is a gigantic task. And, when at the opening of the season, the result can be truly referred to as being COMPLETE, the announcement deserves your undivided attention, interest and action at this time.

Our Dress Goods Section these Opening Days is a veritable Bower of Springtime Color and Beauty—an Authoritative Style Exhibit and Fashion Bureau all rolled into one, and if you have the slightest desire to obtain fist-hand suggestions on matters of Dress—we invite you to come and enjoy the new creations with us.

We have produced a line of distinctively new and beautiful fabrics for every possible occasion.

These delightful creations are now on display for the first time in any store and we urge you to see them.

Of exclusive styles, we particularly ask you to inspect the new Chenille Effects, the Tancere Crepes, Compose Ideas, Eponge d'Pera, Fratte Moires, Fagotines, Peau d'Mouton and elegant Honey Comb ideas as embodied in the latest novelties.

See the new linens. See the Exquisite printed effects. The new brocade styles in Silk and Cotton Fabrics, the Crepes, Voiles and Batines, Peau de Moire, Velour Eponge. Of the new colors, Peridot, Burnt Orange or Cedar, Egyptian, Eco, Oriole, Holland, Tokyo or Fox Glove. Price 15c to \$5.00 the Yard.

Murphy's

These styles, which represent the same La Porte Qualities and service you have always looked to us to supply, are exclusive.

They cannot be found in any other store outside of the larger metropolitan cities, nor will it be possible for you to find their equal in quality for the prices named by us.

You will be interested in the great variety of printed and brocade effects. These dominate in Silk, Silk and Wool, as well as in Silk and Cotton Fabrics. Nothing is more strikingly beautiful than these exquisite creations.

LECTURED ON PANAMA CANAL

A. Bruce Minear, Traveling International Secretary, Spoke at Y. M. C. A. Rooms

The members of the Y. M. C. A. had a rare treat Friday night when A. Bruce Minear, the traveling international secretary, gave his lecture on "Panama and the Panama Canal."

Mr. Minear, for three and a half years, was the secretary in charge of the Y. M. C. A. work in the canal zone, and this fact heightened the interest in his lecture. The lecture was well illustrated with over two hundred stereopticon slides, most of which were made from photographs taken by Mr. Minear. The pictures were very clear indeed, and covered all parts of the government work on the isthmus, as well as showing in detail the progress with the canal. In fact, some people who saw the Lyman Howe pictures said that they got a much better conception of the canal and the great work the government has done in Panama from Mr. Minear's views than from the Lyman Howe pictures.

Mr. Minear is a splendid lecturer, and having been on the ground himself, could give a personal touch to what he said, which is lacking in the usual stereopticon lecture. The thorough manner in which the work in the Canal zone has been done, and the efficiency with which the government has conducted all its operations, were clearly brought out.

One of the most interesting parts of the lecture was the narration of the work which the Y. M. C. A. has done in the canal zone. There are four Y. M. C. A. buildings, all thoroughly modern and magnificently equipped, which supply practically all the recreational opportunities on the isthmus. Everything to minister to the comfort of the men has been done by the Y. M. C. A., the government furnishing plenty of money, and feeling well repaid for every cent spent in this work. Entertainments are imported from the states, and in addition to those arranged for within the Y. M. C. A. itself, there are billiards, pool, bowling, basketball, well equipped reading and writing rooms, and all the other features which enable the men to spend their idle time with profit and comfort for themselves. The difference in conditions as they existed before the coming of the Y. M. C. A., and as they are now was vividly brought out.

The lecture was free to members of the Y. M. C. A. and is just another example of the type of work which the local association is trying to do for the men here. The members who failed to attend missed something which they will wish they had heard.

ASSOCIATED CHARITIES

Has a Meeting and Listens to Reports Made by Officers of the Organization

RESUME OF THE WORK DONE

Twenty-one Families Comprising 62 Persons Were Assisted—Statement of Secretary

The Associated Charities had a well attended meeting and the executive committee was commended for the excellence of its work done. Alderman James R. Smith, president of the organization, presided at the meeting.

Of interest was the report made by the secretary, Peter T. Brown. He stated as follows:

"In accordance with the requirements of our bylaws, I submit to you a resume of the work of the executive committee that has been covered since our last meeting, January 16, 1914. You will, I trust, appreciate the fact that this report cannot embody everything of interest, or all the efforts made in caring for the poor of this city.

I believe the members of the executive committee have given the best that is in them to the purpose for which they were elected. Therefore I feel that we need make no apologies.

As to the work done, your committee met for the first time on January 21 and proceeded to organize. The secretary was instructed to secure books, application forms, etc., necessary to carry on the work and at that meeting nine cases were reported. These cases were given to the members to investigate and render such aid as was necessary.

Your committee has held in all eleven meetings and discussed ways and means for the better carrying on of the work of caring for the destitute.

At the meeting of January 28, the secretary was instructed to draw up a letter to send to the affiliated organizations seeking donations, and on February 4 your secretary sent out about 58 letters for this purpose and to date has heard from 12 organizations, securing the sum of \$95 by this method.

On February 11 we received a letter from B. J. Broady stating that the committee had conducted the sale of Red Cross Seals, had on hand about \$58 which they would give to the association if it would create a fund for the relief of tuberculosis. After some discussion it was decided to accept the offer and create a fund for this purpose. We also received a letter from Mrs. A. D. Polk with bank draft enclosed for the sum of \$268.35, which was money in the funds of the health committee, who had cared for the poor prior to our organizing. Mrs. Polk stated that \$125 of this amount had been contributed for the purpose of the relief of tuberculosis and suggested that said amount be set aside for this purpose. This suggestion was complied with.

On March 11 your committee considered the advisability of having a charity ball as soon after the Lenten season as possible, and arrangements have been made to have the charity ball on April 20, which we hope will be a financial success.

The association has assisted 21 families comprising 62 persons. Work was procured for the heads of two families and the following is the amount of expense for the various articles: groceries \$168.66, wood \$51.40, coal \$48.75, rent \$15.50.

board \$117.34, hospital \$113.72, dry goods \$7.50.

Allow me in closing, to thank those who have assisted us by their donations, etc., and let us all remember that it is more blessed to give than to receive.

Mr. Brown then submitted a detailed statement of the receipts and expenditures of the Associated Charities from January 12 to April 1, 1914:

PILLAGER FIRE LATEST REPORTS

Flames Early Saturday Morning Destroyed Most Prominent Business Block of Village

FIRE WAS OF UNKNOWN ORIGIN

By Hard Work, Bucket Brigade Saved New Security State Bank Building

Pillager, Minn., April 6—Fire of unknown origin breaking out early Saturday morning about 1:30, totally destroyed the two buildings of the Bacon Mercantile block and the large two story brick building belonging to the Brainerd Brewing company, at a loss of \$25,000 mostly covered by insurance.

Flames were first discovered on the second floor of the brewing company's building and soon spread to the adjoining buildings. By diligent work of a bucket brigade the Security State bank building was saved with a small loss. At one time the residence of E. P. Bacon caught fire and was given up as lost but a gust of wind swerved the flames enough to extinguish the blaze.

The brewing company's building loss was about \$3,500 covered by insurance. About \$1,500 was lost in saloon fixtures and liquor belonging to Wm. Coe, without any insurance. The M. W. of A. lodge on the second floor lost \$500 on wardrobe and furniture, fully covered by insurance.

The Bacon Mercantile company belonging to E. P. Bacon were the heaviest losers, with a loss of about \$12,000 on stock and \$5,000 on buildings and \$500 in postoffice fixtures and \$100 in stamps. Only a small part of the stock was saved, mostly machinery. The mail in the postoffice was all saved and temporary headquarters made in the Pillager drug company building.

The buildings burned were the best in town and took up nearly half an entire block. As soon as things can be adjusted it is expected that the buildings will be rebuilt on a larger scale.

Annual Meeting of Evergreen Cemetery Association

To the officers and members of Evergreen Cemetery Association: The annual meeting of said association will be held at the office of the probate judge in the county court house, on Tuesday evening, April 7th, at 8 o'clock sharp.

This meeting is for the purpose of electing officers for the ensuing year, and to transact such other business that may be for the good and welfare of said association.

Every lot owner is a member of this association, and is earnestly requested to be present.

MILTON McFADDEN, Secretary.

WATER & LIGHT BOARD

Petitions for Water Mains are Presented—Price of Mazda Lamps Ordered Reduced

The water and light board met on Saturday evening, Commissioners Rowley and Weidemann being present.

There was presented a petition for a water main near Rosabel and Mill streets, also one on Northeast Elm street between Second and Fourth streets. Both were referred to Commissioner Weidemann.

M. D. Stoner, of the Cuyuna Range Power company, appeared before the board in reference to a water rate for his auxiliary plant and a rate was established.

The secretary's reports were read, accepted and filed. The cost of electric light globes, the Mazda kind, following a reduction in price by the manufacturers, were ordered reduced 5 cents in selling price locally.

The secretary was instructed to present to the council the ordinance for the regulation of the water department.

BOTH SIDES MAKE LICENSE THE ISSUE

Crosby's Election Contest Has Preliminary Hearing Before Judge W. S. McClenahan

INSPECTORS ARE APPOINTED

The Case Will be Tried as a Court Case in Brainerd on Friday, April 10

Crosby's election contest case entitled James H. Gleason and William A. Lewis vs the Village of Crosby, Will S. Pitt and others, came up before Judge W. S. McClenahan in district court chambers Saturday afternoon and by agreement the contest of the election of the candidates headed by Mayor W. S. Pitt, on the dry ticket, was dismissed.

This leaves the issue clean cut regarding the license to sell liquor, the contest having been brought by the wets. Originally the wets had a majority of nine. Later a number of blank ballots counted gave the majority, it is alleged, to the dries.

The court ordered the appointment of inspectors to inspect the ballots cast at the election. The contestants appointed Attorney D. J. Severance, the defendants, William Mageau, and the court appointed the third, ex-Judge James T. Hale, of Deerwood. The case will be tried before the court without jury on April 10.

Among the Crosby people in the city Saturday were Mayor W. S. Pitt, Attorney A. W. Uhl, B. B. Baylford, interested in one phase of the case and Henry Breen, Attorney D. J. Severance, Ralph Hudson, Schall and Brown, attorneys for the contestants, W. H. Bamberg, J. F. Sullivan.

BRAINERD MUSICAL CLUB

Day in Charge of Mesdames Thomas Beare and Frank G. Hall

The best program of the club year which was given at Elks hall on Saturday afternoon, was indeed a most enjoyable conclusion of a delightful club year.

Mrs. Leila Stanton Sanborn played two violin groups in a manner which won repeated applause from the audience. The "Liebesfrend" by Fritz Kreisler was especially pleasing. The artistic character of her work received much favorable comment.

Particularly in keeping with the season, was "The April Heart" song cycle sung by Mrs. G. D. LaBar. The natural sweetness of her tones are especially well displayed in songs suggestive of springtime. All of her numbers were most heartily appreciated.

Mrs. Walter Wieland, as the accompanist, contributed to the afternoon's program.

Mrs. Henry I. Cohen told of the plan that has been started of giving afternoon teas for the purpose of raising money for the library and urged a livelier interest on the part of the club members in this particular work. Mrs. W. C. Cobb also, as chairman of the social service committee, emphasized the great necessity of improving the library equipment.

At the conclusion of the program Miss Amy Lowrey presented Mrs. Henry I. Cohen, the retiring president with a bouquet of red roses, as a token of the club's appreciation of her excellent work for the past three years.

To Whom It May Concern

Notice is hereby given to owner or owners of mines, or land in Crow Wing county upon which, in prospecting for iron ore, shafts, test pits and other holes have been dug and made in the ground, that you erect and maintain around all such shafts, test pits and other holes, a fence of railing suitable to prevent persons and domestic animals from accidentally falling into said shafts or open pits; and that if such fence be not constructed, that said shafts, test pits and holes be filled all in accordance with section 3926 of the general statutes of Minnesota for 1913.

Dated at Brainerd, April 6, 1914. AUGUST SWANSON, Inspector of Mines of Crow Wing County.

Miss Adele Palmer was in Brainerd this week.

Martin Moe, of Virginia, was in

town Tuesday. He will put several drills near Nokay lake.

The Ladies Aid society of the Methodist church met at the church on Wednesday, a large attendance being present.

Charles G. Osterlund and Dr. A. V. Donnan have been in Minneapolis attending to business matters.

Special "Health Warning" for March

March is a trying month for the very young and for elderly people. Croup, bronchial colds, lagrippe and pneumonia are to be feared and avoided. Foley's Honey and Tar is a great family medicine that will quickly stop a cough, check the progress of a cold, and relieve inflamed and congested air passages. It is safe, pure, and always reliable. H. P. Dunn—Advt.

Beards and Armies.

The German emperor is not the only tyrant in the matter of whiskers. A British army regulation reads: "The hair of the head is to be kept short. The upper lip is not to be shaved, and the chin and under lip are to be shaved." Marbot tells in his reminiscences how when he joined the First hussars at Nice a false mustache had to be painted on his upper lip with shoe blacking before he dared to appear before the regiment.—Cleveland Plain Dealer.

Plain Truth that's Worth Money

Using Foley's Honey and Tar for a cough or cold may save you both sickness and money. F. P. Monahan, Wis., says: "I am exposed to all kinds of weather and I find Foley's Honey and Tar Compound always fixes me up in good shape when I catch cold or have a bad cough. I recommend it gladly." Refuse substitutes. H. P. Dunn—Advt.

A Neat Selection.

"That's a nice umbrella you have there."

"Ain't it? Reflects credit on my taste, doesn't it?"

"It certainly does. Where did you get it?"

"Picked it out of a bunch of seven that were standing in the boarding house hall this morning."—Cleveland Plain Dealer.

State of Ohio, city of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. MISCELLANEOUS

TYPEWRITERS—For sale and rent. Supplies R. B. Millard, Little Falls.

Showed Her Skill.

"My wife is one of the best managers in the world."
"I heard her saying the other day that she didn't believe there was another woman alive who could manage you."—Chicago Record-Herald.

Foley Cathartic Tablets are entirely effective thoroughly cleansing and always pleasant in action. They contain blue flag, are a remedy for constipation and sluggish liver, and a tonic to the bowels, which are improved by their use. Try them. They do not fail to give relief and satisfaction. H. P. Dunn—Advt. mw

Keep Away From Them.

The world is full of vice and temptation and pitfalls, as the pessimists say, but somehow or other none of these things really bother the man who has made up his mind to be decent and succeed.—Detroit Free Press.

Avoid Stuffy Wheezy Breathing

Take Foley's Honey and Tar Compound for an inflamed and congested condition of the air passages and bronchial tubes. A cold develops quickly if not checked and bronchitis, la grippe and pneumonia are dangerous possibilities. Harsh racking coughs weaken the system, but Foley's Honey and Tar is safe, pure and certain in results. Contains no opiates. H. P. Dunn—Advt. mw

McKibbin Hats

are distinctive in appearance, but that is only the first word in the argument of Hat Value which they offer.

McKIBBIN HATS are McKIBBIN made, and from the first to the last process of manufacture they are built to "stand up" and give value.

The niftiest things in shapes, colors, bands and bows, you'll find in

HEROIC FIREMEN SAVING LIFE

In a big fire deserve the commendation of everybody, just as the man does that has his home insured in time, and when it is destroyed by fire has the "long green" wherewith to build a new one. No one knows how welcome a few thousand dollars are when left homeless but the man who has "been there." Let us insure you and be ready for emergencies.

The most beautiful footwear ever shown

—and look at the prices

YOU have never had such beautiful styles in low shoes offered for selection as are shown here this spring. Guided by the advice of experts, the selection we offer comes from the choice of eleven hundred models.

You remember how the baby-doll shoes delighted the women last fall, and how difficult it was to get them?

We predict, before the season advances much farther, the models we've selected from the guiding hand of fashion will be hard to obtain in full range of sizes.

Indications point right now to a shortage in these stylish models and we urge you to come here now before the stock becomes broken.

Look at these prices and then the shoes and you will readily understand why they're going quickly.

For Manly Men

We have purposely made up a tobacco to appeal to the strong, vigorous man who wants full flavor and fragrance combined with natural sweetness in his smoke or chew. This tobacco is PEERLESS. It was put on the market fifty years ago especially to satisfy the tobacco hungry man. It has filled the bill.

Firemen, policemen, out-of-doors men, two-fisted men in general, all say PEERLESS satisfies. Once they start using PEERLESS they cannot get the same satisfaction out of any other brand.

PEERLESS Long Cut Tobacco

has character to it. That's why it appeals to and pleases these men of sturdy character.

PEERLESS is made from pure Southern Kentucky leaf, aged for three to five years, so as to bring out slowly and naturally all the juicy mellowness and richness of the tobacco. That's why its quality never varies—and that's why hurried-up, hashed-up tobaccos can't compare with PEERLESS.

In the strenuous hours of work or in the pleasant hours of relaxation, be sure to have some of this wonderful tobacco with you.

Just try PEERLESS for a week—"Smoke it or chew it—but go straight to it." Sold everywhere in 5c packages.

Other sizes, 10c, 20c and 40c Packages, and 45c Tin Pails.

THE AMERICAN TOBACCO COMPANY
